

Get Money Smart

5 things to do before you are 11!

Spend it, save it, get it and give it. Whatever you do with money, you need to manage it well. You can start by doing these 4 things before you are 11.

The fifth is up to you. What else will you do to get money smart?

#5thingstodo

- 1. Compare a pound coin, a euro and a rupee**
Lots of different currencies are used around the world. How much is £1 worth in another country?
- 2. Estimate the cost of a weekly shop**
Yes it really is that much! How could you help to make savings and get value for money?
- 3. Research different accounts**
Building societies, banks and credit unions. They all offer something different, but how do their accounts work?
- 4. Talk to three adults who do different jobs**
Job satisfaction, hours of work, sitting at a desk or being in the outdoors - are they more or less important than the money you can earn?
- 5. What else will you do to get money smart?**
