Headteacher: Miss. L. Moreton

### First day back

Dear Parent/Carer,

First of all I would like to share with you just how wonderful it has been today to have your lovely little people back with us at St Michael in the Hamlet Primary. The children never fail to amaze me and today was no exception. They have returned to school and adapted to new routines brilliantly on their first day- so a huge well done to all of them!

Thank you for your patience and understanding during the first arrival and dismissal. Below are some main points I would like to remind families about:

- Only EYFS/KS1 parent/carer permitted on the school premises during arrival/dismissal
- Please ensure that only ONE parent/carer accompanies children to school
- We continue to strongly advise the use of a face covering for adults
- Staff on the playground are there to help/support our children and guide them, if you need to speak to a staff member please email or call the school office
- Please be aware it may not be your child's class teacher greeting groups on the gate. There will always be a member of the bubble staff and the other staff will be situated indoors ready to greet the children
- Please remember there should be no items from home brought to school with the exception of lunch boxes/water bottles
- As you know, bikes are not permitted on the school premises at the moment. We are endeavouring to provide alternative arrangements for the storage of bikes/scooters
- If you have more than one child in our school please arrive at the earliest time and location specified for both arrival and dismissal. Staff will dismiss siblings together, please be patient with this process as children are located in different areas of school
- Please try to maintain a social distance of 2m when arriving and leaving school premises, this is to protect all of us in our school community

'St. Michael in the Hamlet Community Primary School is committed to safeguarding and promoting the welfare of children and expects all members of our school community to share this commitment.'

- Please take particular care with driving/parking around the school area. Please consider using the public car park or parking further away and walking a short distance. This will help all of us to keep safe at these busy times

Processes and procedures are likely to be reflected upon and changed to best suit the needs of you, our families, and our community as a whole. I would ask that you are understanding of the current situation we are facing and the fluidity that is needed to allow everyone to keep safe. Your support and feedback is greatly appreciated. We will ride this 'coronacoaster' together and work collaboratively to ensure our children are safe, happy and able to achieve.

Thank you for your continued support

Miss L Moreton
