

Science

We will learn about properties and changes of materials in the early spring term. After that, the children will learn about Earth and space, describing the movement of planets.

History

We will learn about time and chronology and how historical periods overlap. We will learn about the Vikings and Anglo-Saxons and their beliefs and impact on society.

Geography

In geography, we will link our studies to history and identify where the Vikings invaded and how it impacted our land use. The children will use knowledge from the previous geography unit to support this.

PHSE and RE

As part of RE, we will look at what people in our community believe as well as what matters to Christians. We will celebrate being ourselves and explore British values.

English

This term will see us turn in to poets, writing poems themed around the night time, inspired by the narrative poem 'Jinnie Ghost' by Berlie Doherty. We will also be linking our English studies to History, writing Viking myths and legends. We will read a range of fiction and non-fiction texts to focus on retrieval, inference skills and justifying opinions using text evidence.

Raiders, Invaders and Crusaders!

Maths

This term, we will encourage continuation of work with number, place value and multiples. We will develop our understanding of fractions, decimals and percentages as well as shapes, position and direction. Children will learn how to solve questions involving multiple steps/processes and check answers using estimation and inverse.

Art

Our final masterpieces this term will be self-portraits. We will be studying Frida Kahlo as our artist study and inspiration and developing colour mixing skills.

Music

In music we will be learning to perform as an ensemble by learning 'Make You Feel my Love'.

Computing

We will look at the final elements of coding this term and will also use the iPads across the curriculum. We will also be looking at camera angles and movie trailers.

PE

In PE the children will be playing team games to develop communication and strategy skills. We will focus on dodgeball and other invasion games.
