

This year we are using different approaches to teaching spelling. We want all children to feel that they can succeed, and have removed the weekly high stakes test. We will be using lots of fun ways to learn and practice spellings.

In Year 3 we use spelling work from Jolly Grammar as our main scheme. Each week we will put a photo on Class Dojo showing you the spelling patterns or rule we are focusing. There are also examples of words using those patterns or rules. You might like to look out for others when reading.

Some of our children may need a little extra support and have regular 'Monster Phonics' lessons with Mrs. Barratt. These build on the phonics work started in previous years.

Some children also have a NESSY login, to use in school and at home. NESSY is a specialist website, which breaks reading and spelling skills into very small steps. Children play games, and the program monitors their progress and adapts to their particular learning needs.
